

Deploy your app on Heroku

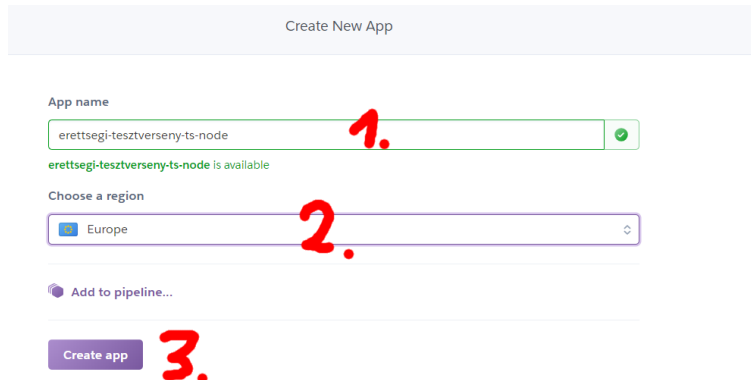

1. Regisztráció és bejelentkezés: <http://heroku.com>

2. Dashboard: <https://dashboard.heroku.com/apps> Új app létrehozása:

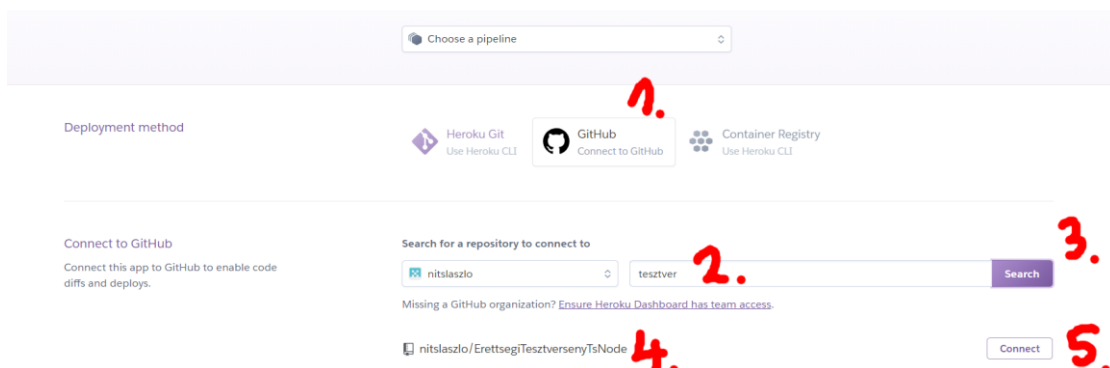

3. Név és régió megadása, csak kisbetű és kötőjel lehet:

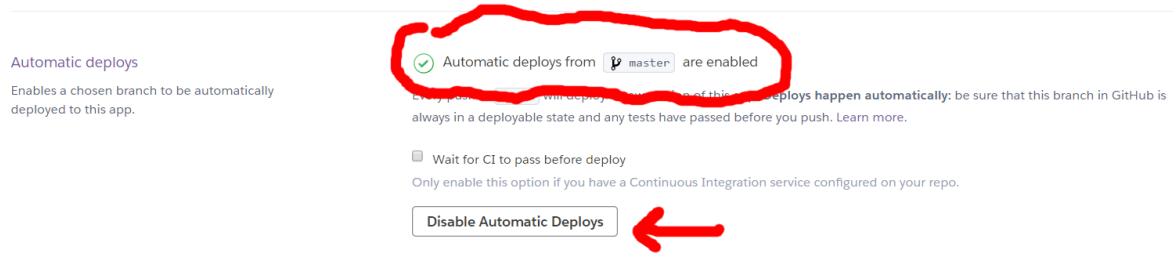

The image shows the "Create New App" form. It has a title "Create New App" at the top. Below it, there's a section for "App name" with an input field containing "erettségi-tesztverseny-ts-node". A red handwritten number "1." is next to the input field. Below the input field, there's a green checkmark and the text "erettségi-tesztverseny-ts-node is available". Below this, there's a section for "Choose a region" with a dropdown menu showing "Europe". A red handwritten number "2." is next to the dropdown menu. Below the dropdown menu, there's a link "Add to pipeline...". At the bottom, there's a purple "Create app" button. A red handwritten number "3." is next to the button.

4. GitHub és repó kiválasztása, majd kapcsolódás:

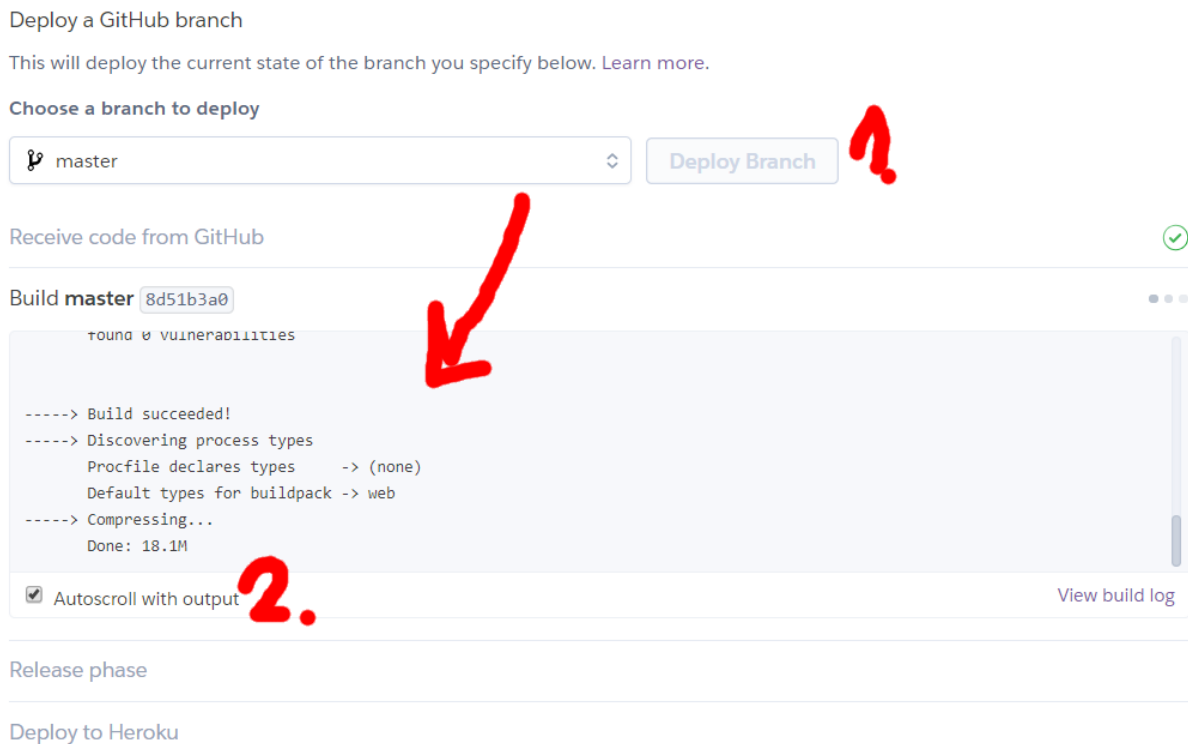

Fontos, hogy a package.json állomány a repóban a minta szerinti legyen!

The image shows the "Choose a pipeline" section of the Heroku dashboard. It has a title "Choose a pipeline" at the top. Below it, there's a section for "Deployment method" with three options: "Heroku Git", "GitHub", and "Container Registry". The "GitHub" option is selected. Below this, there's a section for "Connect to GitHub" with a link "Connect this app to GitHub to enable code diffs and deploys.". Below this, there's a section for "Search for a repository to connect to" with an input field containing "nitslaszlo" and a dropdown menu showing "tesztver". A red handwritten number "2." is next to the input field. To the right of the input field, there's a purple "Search" button. A red handwritten number "3." is next to the button. Below the input field, there's a link "Missing a GitHub organization? Ensure Heroku Dashboard has team access.". Below this, there's a section for "nitslaszlo/ErettsegiTesztversenyTsNode" with a "Connect" button. A red handwritten number "4." is next to the section name, and a red handwritten number "5." is next to the "Connect" button.

5. Automatikus deploy bekapcsolása:

6. Majd az első deploy „kézzel”, log figyelése:

7. Ha minden OK, akkor lehet tesztelni a végeredményt!
